

Make Me More Like You

Written by Larry Lloyd

**You rescued me from a life of desperation
And you set my feet on solid ground
You've given me a brand new life
A brand new way of living
You turned my old world upside down**

**Have your way in me
I will be your servant
Nothing less will do
Now that I am free
Jesus I surrender
Make me more like you**

**Make me more like you
Make me more like you
Make me more like you
More and more like you**
