

# **We Come Into This Place**

Written by Steve Pruitt

**You are the reason we come here  
Your presence fills our hearts desire  
Inhabit the praises of your people  
Dwell here and manifest your power**

**We come into this place  
To praise the name of Jesus  
We come into this place  
To lift your name on high  
Your name alone is high above all others  
We love you and bless you with our praise**
