

With Creation

Written by Steve Pruitt

**With the angels we will worship
The great Lamb on the throne
With the saints we will bow before you
And sing a new song**

**With creation we will groan to proclaim
With the heavens we will show forth your name**

**The universe sings your praises
All the things that you have made
We join our hearts with creation to worship your name**

**With the elders on our faces
We will worship our king
With the voice of many waters
Alleluias we sing**
